### Product Images

---

## Short Description

---

- Includes fork lift truck pockets
- Optional Eagle dolly Model 1629 allows easier movement on worksite
- Includes locks for secure storage

## Description

---

Eagle Two Drum Workstation is a secure way to store drums inside or outside. Constructed of yellow high density polyethylene (HDPE) for durability and increased chemical resistance. This high profile design has a sump capacity of 220 gallons for spill containment storage of two 55 gallon drums without the need to remove pump or drum funnel. Compliance: EPA 40 CFR 264.175 and SPCC

# Specifications
