- Spill capacity of 10 gallons

## Description

---

The Eagle Drum Tray with Grating, model 1615, provides the ideal solution for drum-related activities such as dispensing or filling. With a capacity of up to one gallon, this tray comes equipped with a grating designed specifically for use with smaller containers. Its primary function as a 55 gallon drum spill tray is to catch any drips or spills, whether it's oils, coolants, water, or other non-aggressive liquids.

Crafted from durable high-density polyethylene (HDPE), the Eagle drum tray guarantees reliability and longevity and is easy to clean. It is commonly used with the [Eagle Model 1618 – 30 & 55 Gallon Drum Spill Tray Dolly](#) that features 3-inch casters and is capable of carrying up to 10 gallons. [Replacement tray model 1614](#) and [replacement grating model 1616](#) is also available.
